

River Scavenger Hunt Activity Sheet

Will you be the first to find everything on the River Scavenger Hunt cards?

You will need

- a camera or camera mobile phone
- a set of River Scavenger Hunt cards

Note to Parents

This is a great activity to do with a group of children. Ask your friends to join you at the river and the children will have great fun trying to be the first to get all their **River Scavenger Hunt** cards!

1 Pick a **River Scavenger Hunt** card and then see if you can find what's on the card along the river bank. Once you've found it, take a photo of it then hand the card back.

2 Pick another **River Scavenger Hunt** card and see if you can find and photograph what's on this card, then hand it back. Keep picking a new card until you've found them all.

3 Now flick through your River Scavenger Hunt photos to check you've got them all. Have a look at the photos taken by others in your group. As a group, pick the:

- silliest photo?
- most unusual photo?
- group's favourite photo?

Take it further

When you get home, why not edit your photos using Picassa or Instagram - see how creative you can make them! Or, make your own photo scavenger hunt using GooseChase, a free

mobile phone app to test on your family and friends, next time you visit the river.

We'd love to see your photos. Why not email them to office@edenrt.org and you could see yours on our website!
